

**Amendments to the Drawings:**

The attached sheets labeled "Replacement Sheet" include changes to FIGS. 1 to 4.

In the amended FIG. 1, symbol 32 is added to represent the second terminal  
5 of the wire 28.

In the amended FIG. 2, a legend of --(Prior Art)-- is added.

In the amended FIG. 3, symbol 56 is added to represent the lower element 56 of the sealed up body 50.

In the amended FIG. 2, symbol 56 is added to represent the lower element 56  
10 of the sealed up body 50, and symbol 68 is added to represent the chamber formed between the substrate 64 and the frame layer 66.

This feature has been clearly shown in the original drawings. So, no new matter is added.
